PREFACE

Addressing the challenge

A.R. Martin, M.N. Clout, J.C. Russell, C.R. Veitch and C.J. West xiii

OPENING ADDRESS

Her Royal Highness, the Princess Royal

Princess Anne 1

KEYNOTE ADDRESS

Protecting the biodiversity of the UK Overseas Territories

Lord Gardiner of Kimble 3

PRESENTED PAPERS

Chapter 1: Rodents

- A potential new tool for the toolbox: assessing gene drives for eradicating invasive rodent populations
K.J. Campbell, J.R. Saah, P.R. Brown, J. Godwin, F. Gould, G.R. Howald, A. Piaggio, P. Thomas, D.M. Tompkins, D. Threadgill, J. Delborne, D.M. Kanavy, T. Kuikin, H. Packard, M. Serr and A. Shiels 6
- Black rat eradication on Italian islands: planning forward by looking backward
D. Capizzi, P. Sposimo, G. Sozio, F. Petrassi, C. Gotti, E. Raganella Pelliccioni and N. Baccetti 15
- Control of house mice preying on adult albatrosses at Midway Atoll National Wildlife Refuge
M. Duhr, E.N. Flint, S.A. Hunter, R.V. Taylor B. Flanders, G. Howald and D. Norwood 21
- Eradicating black rats from the Chagos – working towards the whole archipelago
G.A. Harper, P. Carr and H. Pitman 26
- Bridging the research-management gap: using knowledge exchange and stakeholder engagement to aid decision-making in invasive rat management
G. Maggs, M.A.C. Nicoll, N. Zuël, D.J. Murrell, J.G. Ewen, C. Ferrière, V. Tatayah, C.G. Jones and K. Norris 31
- Timing aerial baiting for rodent eradications on cool temperate islands: mice on Marion Island
J.P. Parkes 36
- South Africa works towards eradicating introduced house mice from sub-Antarctic Marion Island: the largest island yet attempted for mice
G.R. Preston, B.J. Dilley, J. Cooper, J. Beaumont, L.F. Chauke, S. L. Chown, N. Devanunthan, M. Dopolo, L. Fikizolo, J. Heine, S. Henderson, C.A. Jacobs, F. Johnson, J. Kelly, A.B. Makhado, C. Marais, J. Maroga, M. Mayekiso, G. McClelland, J. Mphepya, D. Muir, N. Ngcaba, N. Ngcobo, J.P. Parkes, F. Paulsen, S. Schoombie, K. Springer, C. Stringer, H. Valentine, R.M. Wanless and P.G. Ryan 40
- Improving the efficiency of aerial rodent eradications by means of the numerical estimation of rodenticide density
E. Rojas-Mayoral, F.A. Méndez-Sánchez, B. Rojas-Mayoral and A. Aguirre-Muñoz 47
- Preventing extinctions: planning and undertaking invasive rodent eradication from Pinzon Island, Galapagos
D. Rueda, V. Carrion, P.A. Castaño, F. Cunninghame, P. Fisher, E. Hagen, J.B. Ponder, C.A. Riekena, C. Sevilla, H. Shield, D. Will and K.J. Campbell 51
- First results from a pilot programme for the eradication of beavers for environmental restoration in Tierra Del Fuego
A. Schiavini, J. Escobar, E. Curto and P. Jusim 57
- Towards a genetic approach to invasive rodent eradications: assessing reproductive competitiveness between wild and laboratory mice
M. Serr, N. Heard and J. Godwin 64
- Considerations and consequences when conducting aerial broadcast applications during rodent eradications
D. Will, G. Howald, N. Holmes, R. Griffiths and C. Gill 71
- It's not all up in the air: the development and use of ground-based rat eradication techniques in the UK
E.A. Bell 79
- The Isles of Scilly seabird restoration project: the eradication of brown rats (*Rattus norvegicus*) from the inhabited islands of St Agnes and Gugh, Isles of Scilly
E. Bell, K. Floyd, D. Boyle, J. Pearson, P. St Pierre, L. Lock, P. Buckley, S. Mason, R. McCarthy, W. Garratt, K. Sugar and J. Pearce 88
- Rat eradication in the Pitcairn Islands, South Pacific: a 25-year perspective
M.de L. Brooke 95
- House mice on islands: management and lessons from New Zealand
K. Broome, D. Brown, K. Brown, E. Murphy, C. Birmingham, C. Golding, P. Corson, A. Cox and R. Griffiths 100

Simultaneous rat, mouse and rabbit eradication on Bense and Little Bense Islands, Falkland Islands <i>P.W. Carey</i>	108
The history of the aerial application of rodenticide in New Zealand <i>P. Garden, P. McClelland and K. Broome</i>	114
Successes and failures of rat eradications on tropical islands: a comparative review of eight recent projects <i>R. Griffiths, D. Brown, B. Tershy, W.C. Pitt, R.J. Cuthbert, A. Wegmann, B. Keitt, S. Cranwell and G. Howald</i>	120
Eradication of mice from Antipodes Island, New Zealand <i>S. Horn, T. Greene and G. Elliott</i>	131
Scaling down (cliffs) to meet the challenge: the Shiants' black rat eradication <i>C.E. Main, E. Bell, K. Floyd, J. Tayton, J. Ibbotson, W. Whittington, P.R. Taylor, R. Reid, K. Varnham, T. Churchyard, L. Bambini, A. Douse, T. Nicolson and G. Campbell</i>	138
The effect of Norway rats on coastal waterbirds of the Falkland Islands: a preliminary analysis <i>S. Poncet, K. Passfield, A. Kuepfer and M.A. Tabak</i>	147
Applying lessons learnt from tropical rodent eradications: a second attempt to remove invasive rats from Desecheo National Wildlife Refuge, Puerto Rico <i>D.J. Will, K. Swinnerton, S. Silander, B. Keitt, R. Griffiths, G.R. Howald, C.E. Figuerola-Hernandez and J.L. Herrera-Giraldo</i>	154
The eradication of black rats (<i>Rattus rattus</i>) from Dog Island, Anguilla, using ground-based techniques <i>E. Bell, J. Daltry, F. Mukhida, R. Connor and K. Varnham</i>	162
Recovery of introduced Pacific rats following a failed eradication attempt on subtropical Henderson Island, South Pacific Ocean <i>A.L. Bond, R.J. Cuthbert, G.T.W. McClelland, T. Churchyard, N. Duffield, S. Havery, J. Kelly, J.L. Lavers, T. Proud, N. Torr, J.A. Vickery and S. Oppel</i>	167
Bait colour and moisture do not affect bait acceptance by introduced Pacific rats (<i>Rattus exulans</i>) at Henderson Island, Pitcairn Islands <i>A.L. Bond, S. O'Keefe, P. Warren and G.T.W. McClelland</i>	175
Containment of invasive grey squirrels in Scotland: meeting the challenge <i>J. Bryce and M. Tonkin</i>	180
Testing auto-dispensing lure pumps for incursion control of rats with reduced effort on a small, re-invadable island in New Zealand <i>A. Carter, R. van Dam, S. Barr and D. Peters</i>	187
Survival analysis of two endemic lizard species before, during and after a rat eradication attempt on Desecheo Island, Puerto Rico <i>J.L. Herrera-Giraldo, C.E. Figuerola-Hernández, N.D. Holmes, K. Swinnerton, E.N. Bermúdez-Carambot, J.F. González-Maya and D.A. Gómez-Hoyos</i>	191
Long term rodent control in Rdm tal-Madonna yelkouan shearwater colony <i>P. Lago, J.S. Santiago Cabello and K. Varnham</i>	196
Seasonal variation in movements and survival of invasive Pacific rats on sub-tropical Henderson Island: implications for eradication <i>S. Oppel, G.T.W. McClelland, J.L. Lavers, T. Churchyard, A. Donaldson, N. Duffield, S. Havery, J. Kelly, T. Proud, J.C. Russell and A.L. Bond</i>	200
Assessing the critical role that land crabs play in tropical island rodent eradications and ecological restoration <i>A. Samaniego-Herrera, S. Boudjelas, G.A. Harper, and J.C. Russell</i>	209
Trail cameras are a key monitoring tool for determining target and non-target bait-take during rodent removal operations: evidence from Desecheo Island rat eradication <i>A.B. Shiels, D. Will, C. Figuerola-Hernández, K.J. Swinnerton, S. Silander, C. Samra and G.W. Witmer</i>	223
Rat and lagomorph eradication on two large islands of central Mediterranean: differences in island morphology and consequences on methods, problems and targets <i>P. Sposimo, D. Capizzi, T. Cencetti, F. De Pietro, F. Giannini, C. Gotti, F. Puppo, G. Quilghini, E. Raganella Pelliccioni, G. Sammuri, V. Trocchi, S. Vagniluca, F. Zanicelli and N. Baccetti</i>	231
Chapter 2: Other taxa	
Big island feral cat eradication campaigns: an overview and status update of two significant examples <i>D. Algar, M. Johnston and C. Pink</i>	238
Safeguarding Orkney's native wildlife from non-native invasive stoats <i>M. Auld, B. Ayling, L. Bambini, G. Harper, G. Neville, S. Sankey, D.B.A. Thompson and P. Walton</i>	244
Rhesus macaque eradication to restore the ecological integrity of Desecheo National Wildlife Refuge, Puerto Rico <i>C.C. Hanson, T.J. Hall, A.J. DeNicola, S. Silander, B.S. Keitt and K.J. Campbell</i>	249
Eradication of red deer from Secretary Island, New Zealand: changing tactics to achieve success <i>N. Macdonald, G. Nugent, K-A. Edge and J.P. Parkes</i>	256
Large scale eradication of non-native invasive American mink (<i>Neovison vison</i>) from the Outer Hebrides of Scotland <i>I.A. Macleod, D. MacIennan, R. Raynor, D.B.A. Thompson and S. Whitaker</i>	261

Ecological restoration of Socorro Island, Revillagigedo Archipelago, Mexico: the eradication of feral sheep and cats <i>A. Ortiz-Alcaraz, A. Aguirre-Muñoz, F. Méndez-Sánchez, E. Rojas-Mayoral, F. Solís-Carlos, B. Rojas-Mayoral, E. Benavides-Ríos, S. Hall, H. Nevins and A. Ortega-Rubio</i>	267
Removing introduced hedgehogs from the Uists <i>Thompson, R.C. and J.M. Ferguson</i>	274
Five eradications, three species, three islands: overview, insights and recommendations from invasive bird eradications in the Seychelles <i>N. Bunbury, P. Haverson, N. Page, J. Agricole, G. Angell, P. Banville, A. Constance, J. Friedlander, L. Leite, T. Mahoune, E. Melton-Durup, J. Moumou, K. Raines, J. van de Crommenacker and F. Fleischer-Dogley</i>	282
House sparrow eradication attempt on Robinson Crusoe Island, Juan Fernández Archipelago, Chile <i>E. Hagen, J. Bonham and K. Campbell</i>	289
Predation pressures on sooty terns by cats, rats and common mynas on Ascension Island in the South Atlantic <i>B.J. Hughes, R.C. Dickey and S.J. Reynolds</i>	295
Eradication and control programmes for invasive mynas (<i>Acridotheres</i> spp.) and bulbuls (<i>Pycnonotus</i> spp.): defining best practice in managing invasive bird populations on oceanic islands <i>S. Saavedra Cruz and S.J. Reynolds</i>	302
Invasion by the red-vented bulbul: an overview of recent studies in New Caledonia <i>M. Thibault, E. Vidal, M.A. Potter, F. Masse, A. Pujapujane, B. Fogliani, G. Lannuzel, H. Jourdan, N. Robert, L. Demaret, N. Barré and F. Brescia</i>	309
Population assessment of a novel island invasive: tegu (<i>Salvator merianae</i>) of Fernando de Noronha <i>C.R. Abrahão, J.C. Russell, J.C.R. Silva, F. Ferreira and R.A. Dias</i>	317
Life-history comparisons between the native range and an invasive island population of a colubrid snake <i>S.R. Fisher, R.N. Fisher, S. Alcaraz, R. Gallo-Barneto, C. Patino-Martinez, L.F. López Jurado and C.J. Rochester</i>	326
Control of the ladder snake (<i>Rhinechis scalaris</i>) on Formentera using experimental live-traps <i>G. Picó, M.J. Fernández, J.E. Moreno and V. Colomar</i>	332
Spatial dynamics of invasion and distribution of alien frogs in a biodiversity hotspot archipelago <i>A.N. Pili, C.E. Supsup, E.Y. Sy, M.L.L. Diesmos and A.C. Diesmos</i>	337
<i>In situ</i> evaluation of an automated aerial bait delivery system for landscape-scale control of invasive brown treesnakes on Guam <i>S.R. Siers, W.C. Pitt, J.D. Eisemann, L. Clark, A.B. Shiels, C.S. Clark, R.J. Gosnell and M.C. Messaros</i>	348
The potential detrimental impact of the New Zealand flatworm to Scottish islands <i>B. Boag and R. Neilson</i>	356
Management of an invasive avian parasitic fly in the Galapagos Islands: is biological control a viable option? <i>R.A. Boulton, M. Bulgarella, I.E. Ramirez, C.E. Causton and G.E. Heimpel</i>	360
Feasibility of eradicating the large white butterfly (<i>Pieris brassicae</i>) from New Zealand: data gathering to inform decisions about the feasibility of eradication <i>K. Brown, C.B. Phillips, K. Broome, C. Green, R. Toft and G. Walker</i>	364
Effort required to confirm eradication of an Argentine ant invasion: Tiritiri Matangi Island, New Zealand <i>C. Green</i>	370
Analysis of the secondary nest of the yellow-legged hornet found in the Balearic Islands reveals its high adaptability to Mediterranean isolated ecosystems <i>C. Herrera, A. Marqués, V. Colomar and M.M. Leza</i>	375
Methods for monitoring invertebrate response to vertebrate eradication <i>M. Houghton, A. Terauds and J. Shaw</i>	381
Introduction of biological control agents against the European earwig (<i>Forficula auricularia</i>) on the Falkland Islands <i>N. Maczey, D. Moore, P. González-Moreno and N. Rendell</i>	389
Assessment of snail exposure to the anticoagulant rodenticide brodifacoum in the Galapagos Islands <i>C.E. Parent, P. Fisher, W. Jolley, A. Alifano and K.J. Campbell</i>	394
Criteria to help evaluate and guide attempts to eradicate terrestrial arthropod pests <i>C.B. Phillips, K. Brown, K. Broome, C. Green and G. Walker</i>	400
Eradication of invasive alien crayfish: past experiences and further possibilities <i>R. Sandodden</i>	405
Modelling invasive plant alien species richness in Tenerife (Canary Islands) using Bayesian Generalised Linear Spatial Models <i>D. Da Re, E. Tordoni, Z. Negrin-Pérez, J. M. Fernández-Palacios, J. R. Arévalo, R. Otto, D. Rocchini and G. Bacaro</i>	410
Using expert knowledge and field surveys to guide management of an invasive alien palm in a Pacific Island lowland rainforest <i>M.J.B. Dyer, G. Keppel, D. Watling, M. Tuiwawa, S. Vido and H.J. Boehmer</i>	417
Persistence, accuracy and timeliness: finding, mapping and managing non-native plant species on the island of South Georgia (South Atlantic) <i>K. Floyd, K. Passfield, S. Poncet, B. Myer and J. Lee</i>	424

Eradication programmes complicated by long-lived seed banks: lessons learnt from 15 years of miconia control on O'ahu Island, Hawai'i <i>R. Neville, J.Y. Fujikawa and M. Halabisky</i>	430
Weed eradication on Raoul Island, Kermadec Islands, New Zealand: progress and prognosis <i>C.J. West and D. Havell</i>	435
Successful eradication of signal crayfish (<i>Pacifastacus leniusculus</i>) using a non-specific biocide in a small isolated water body in Scotland <i>L. Ballantyne, D. Baum, C.W. Bean, J. Long and S. Whitaker</i>	443
Small- and large-scale eradication of invasive fish and fish parasites in freshwater systems in Norway <i>H. Bardal</i>	447
First report of marine alien species in mainland Ecuador: threats of invasion in rocky shores <i>M. Cárdenas-Calle, J. Pérez-Correa, P. Martínez, I. Keith, F. Rivera, M. Cornejo, G. Torres, F. Villamar, R. Zambrano, A. Cárdenas, M. Triviño, L. Troccoli, G. Bigatti, J. Coronel and E. Mora</i>	452
Lessons on effectiveness and long-term prevention from broad-scale control of invasive alien species in Scotland's rivers and lochs <i>J.C. Horrill, M.K. Oliver and J. Stubbs Partridge</i>	458

Chapter 3: Strategy

Biosecurity on St Helena Island – a socially inclusive model for protecting small island nations from invasive species <i>J.R. Balchin, D.G. Duncan, G.E. Key and N. Stevens</i>	468
Proactive planning and compliance for a high-priority invasive species rapid response programme <i>C.L. Boser, P. Power, A. Little, J. Matos, G.R. Howald, J.M. Randall and S.A. Morrison</i>	473
How do we prevent the obstacles to good island biosecurity from limiting our eradication ambitions? <i>E.S. Kennedy and K.G. Broome</i>	478
Mexico's island biosecurity programme: collaborative formulation and implementation <i>M. Latofski-Robles, F. Méndez-Sánchez, A. Aguirre-Muñoz, C. Jáuregui-García, P. Koleff-Osorio, A.I. González-Martínez, G. Born-Schmidt, J. Bernal-Stoopen and E. Rendón-Hernández</i>	484
Achieving post-eradication biosecurity on South Georgia <i>M.G. Richardson and J.P. Croxall</i>	489
Beyond biodiversity: the cultural context of invasive species initiatives in Gwaii Haanas <i>K.X.T. Bellis, R.T. Peet, R.L. Irvine, G. Howald and G.J. Alsop</i>	494
Cooperative natural resource and invasive species management in Hawai'i <i>D.C. Duffy and C. Martin</i>	497
Invasive species management in Mauritius: from the reactive to the proactive – the National Invasive Species Management Strategy and its implementation <i>J.R. Mauremootoo, S. Pandoo, V. Bachraz, I. Buldawoo and N.C. Cole</i>	503
Islander perceptions of invasive alien species: the role of socio-economy and culture in small isolated islands of French Polynesia (South Pacific) <i>J.-Y. Meyer and M. Fourdrigniez</i>	510
Married bliss and shotgun weddings: effective partnerships for island restoration <i>C. Stringer, S. Boudjelas, K. Broome, S. Cranwell, E. Hagen, G. Howald, J. Kelly, J. Millett, K. Springer and K. Varnham</i>	517
Winning the hearts and minds – proceeding to implementation of the Lord Howe Island rodent eradication project: a case study <i>A. Walsh, A. Wilson, H. Bower, P. McClelland and J. Pearson</i>	522
Recovery and current status of seabirds on the Baja California Pacific Islands, Mexico, following restoration actions <i>Y. Bedolla-Guzmán, F. Méndez-Sánchez, A. Aguirre-Muñoz, M. Félix-Lizárraga, A. Fabila-Blanco, E. Bravo-Hernández, A. Hernández-Ríos, M. Corrales-Sauceda, A. Aguilar-Vargas, A. Aztorga-Ornelas, F. Solís-Carlos, F. Torres-García, L. Luna-Mendoza, A. Ortiz-Alcaraz, J. Hernández-Montoya, M. Latofski-Robles, E. Rojas-Mayoral and A. Cárdenas-Tapia</i>	531
The recovery of seabird populations on Ramsey Island, Pembrokeshire, Wales, following the 1999/2000 rat eradication <i>E.A. Bell, M.D. Bell, G. Morgan and L. Morgan</i>	539
Practical considerations for monitoring invasive mammal eradication outcomes <i>J.P. Bird, K. Varnham, J.D. Shaw and N.D. Holmes</i>	545
Community-based conservation and recovery of native species on Monuriki Island, Fiji <i>R.N. Fisher, J. Niukula, P. Harlow, S. Rasalato, R. Chand, B. Thaman, E. Seniloli, J. Vadada, S. Cranwell, J. Brown, K. Lovich and N. Thomas-Moko</i>	552
Costs and benefits for biodiversity following rat and cat eradication on Te Hauturu-o-Toi/Little Barrier Island <i>R. Griffiths, E. Bell, J. Campbell, P. Cassey, J.G. Ewen, C. Green, L. Joyce, M. Rayner, R. Toy, D. Towns, L. Wade, R. Walle and C.R. Veitch</i>	558
Restoring plant-pollinator communities: using a network approach to monitor pollination function <i>C.N. Kaiser-Bunbury</i>	568

Ten years after feral goat eradication: the active restoration of plant communities on Guadalupe Island, Mexico <i>L. Luna-Mendoza, A. Aguirre-Muñoz, J.C. Hernández-Montoya, M. Torres-Aguilar, J.S. García-Carreón, O. Puebla-Hernández, S. Luvianos-Colín, A. Cárdenas-Tapia and F. Méndez-Sánchez</i>	571
Canna seabird recovery project: 10 years on <i>R. Luxmoore, R. Swann and E. Bell</i>	576
Conservation gains and missed opportunities 15 years after rodent eradications in the Seychelles <i>J.E. Millett, W. Accouche, J. van de Crommenacker, M.A.J.A. van Dinther, A. de Groene, C.P. Havemann, T.A. Retief, J. Appoo and R.M. Bristol</i>	580
Eradication of invasive animals and other island restoration practices in Seychelles: achievements, challenges and scaling up perspectives <i>G. Rocamora</i>	588
No detection of brodifacoum residues in the marine and terrestrial food web three years after rat eradication at Palmyra Atoll, Central Pacific <i>A. Wegmann, G. Howald, S. Kropidowski, N. Holmes and A.B. Shiels</i>	600
'Island' eradication within large landscapes: the remove and protect model <i>P. Bell, H. Nathan and N. Mulgan</i>	604
Multi island, multi invasive species eradication in French Polynesia demonstrates economies of scale <i>R. Griffiths, S. Cranwell, D. Derand, T. Ghestemme, D. Will, J. Zito, T. Hall, M. Pott and G. Coulston</i>	611
Trialling gene drives to control invasive species: what, where and how? <i>T. Harvey-Samuel, K.J. Campbell, M. Edgington and L. Alphey</i>	618
Tracking invasive species eradications on islands at a global scale <i>N.D. Holmes, B.S. Keitt, D.R. Spatz, D.J. Will, S. Hein, J.C. Russell, P. Genovesi, P.E. Cowan and B.R. Tershy</i>	628
Going to scale: reviewing where we've been and where we need to go in invasive vertebrate eradications <i>B. Keitt, N. Holmes, E. Hagen, G. Howald and K. Poiani</i>	633
Tackling invasive non-native species in the UK Overseas Territories <i>G.E. Key and N.P. Moore</i>	637
A little goes a long way when controlling invasive plants for biodiversity conservation <i>D.A. Knapp, J.J. Knapp, K.A. Stahlheber and T. Dudley</i>	643
Achieving large scale, long-term invasive American mink control in northern Scotland despite short term funding <i>X. Lambin, J.C. Horrill and R. Raynor</i>	651
Battling invasive species in the Pacific <i>D. Moverley</i>	658
Maximising conservation impact by prioritising islands for biosecurity <i>S. Oppel, S.J. Havery, L. John, L. Bambini, K. Varnham, J. Dawson and E. Radford</i>	663
Working with the local community to eradicate rats on an inhabited island: securing the seabird heritage of the Isles of Scilly <i>J. Pearson, P. St Pierre, L. Lock, P. Buckley, E. Bell, S. Mason, R. McCarthy, W. Garratt, K. Sugar and J. Pearce</i>	670
A plan for the eradication of invasive alien species from Arctic islands <i>J.K. Reaser, G.R. Howald and S.D. Veatch</i>	679
Invasive species removals and scale – contrasting island and mainland experience <i>P.A. Robertson, S. Roy, A.C. Mill, M. Shirley, T. Adriaens, A.I. Ward, V. Tatayah and O. Booy</i>	687
Strategic environmental assessment for invasive species management on inhabited islands <i>J.C. Russell and C.N. Taylor</i>	692
Towards a guidance document for invasive species planning and management on islands <i>A. Tye</i>	698

Chapter 4: Abstracts

Mexico's progress and commitment to comprehensive island restoration <i>A. Aguirre-Muñoz, F. Méndez-Sánchez, L. Luna-Mendoza, A. Ortiz-Alcaraz, J. Hernández-Montoya, Y. Bedolla-Guzmán, M. Latofski-Robles, E. Rojas-Mayoral, N. Silva-Estudillo, F. Torres-García, M. Félix-Lizárraga, A. Fabila-Blanco, A. Hernández-Ríos, E. Bravo-Hernández, F. Solís-Carlos, C. Jáuregui-García and D. Munguía-Cajigas</i>	704
The Pacific invasives partnership – a model for regional collaboration on invasive alien species <i>P.C. Andreozzi, R. Griffiths, D. Moverley, J. Wainiqolo, R. Nias, S. Boudjelas, D. Stewart, S. Cranwell, M. Smith and P. Cowan</i>	704
A review of monitoring of biodiversity responses to island invasive species eradications <i>J. Bird, J. Shaw, R. Alderman and R. Fuller</i>	705
A review of seabird recovery on Lundy Island, England, over a decade following the eradication of brown and black rats <i>H. Booker, D. Appleton, D. Bullock, R. MacDonald, E. Bell, D. Price, P. Slader, T. Frayling, A. Taylor and S. Havery</i>	705
Eradicating invasive ants in conservation areas <i>C.L. Boser</i>	705

Big island, small invader: eradicating invasive fish on a national scale <i>M. Brazier</i>	706
Population growth of seabirds after the eradication of introduced mammals <i>R. Buxton and M. Brooke</i>	706
Assessment of the possible effects of biological control agents of <i>Lantana camara</i> and <i>Chromolaena odorata</i> in Davao City, Mindanao, Philippines <i>C. Canlas, C. Gever, P. Rosialda, Ma. N. Quibod, P. Buenavente, N. Barbecho, C. Layusa and M. Day</i>	706
Black rat eradication from Linosa Island: work in progress <i>M. Cecchetti, G. Dell’Omo and B. Massa</i>	707
Effects of cat, rat, and human predation on Scopoli’s shearwater (<i>Calonectris diomedea</i>) breeding success and nest-site occupancy on Linosa Island <i>M. Cecchetti, L. Nelli, B. Massa and G. Dell’Omo</i>	707
Invasive plants: what can be done about this continuing threat to biodiversity? <i>C. Clubbe</i>	707
Partnerships in the restoration of tropical Pacific islands <i>S. Cranwell</i>	708
Vespapp: citizen science to detect the invasive species <i>Vespa velutina</i> <i>M. del Mar Leza, A. Marqués, C. Herrera, M. Ángel Miranda, M. Ruiz, A. Pou and C. Guerrero</i>	708
Wild ginger, a beautiful menace to island ecosystems – can a natural solution be found? <i>D. Djeddour, N. Macezy and C. Pratt</i>	708
Is poisoning rodents a health hazard? <i>J. Doube</i>	709
When our enemy is our friend: new approaches to managing alien vegetation in Seychelles catchment forest <i>K. Fleischmann, S. Massy, M. Schmutz, B. Seraphine and J. Millett</i>	709
Eleonora’s falcon (<i>Falco eleonora</i>) benefiting from cat eradication – the case of Andros, Greece <i>J. Fric, T. Dimalaxis, V. Goritsas, A. Evangelidis and I. Nikolaou</i>	709
A review of 12 years of rat eradication operations for the conservation of priority island nesting birds in Greece <i>J. Fric and A. Evangelidis</i>	710
Improving nesting habitats for the Eleonora’s falcon and seabirds <i>J. Fric, A. Evangelidis, T. Dimalaxis, N. Tsiopelas, S. Xirouchakis, C. Kassara and S. Giokas</i>	710
Broadening the context of invasive species eradications <i>P. Genovesi</i>	710
Recovery of Santa Luzia Nature Reserve and translocation of the globally endangered Raso lark <i>P. Geraldes, T. Melo, P. Oliveira and V. Paiva</i>	711
Setting-up a predator-free area on a Macaronesian island using a pest-proof fence <i>P. Geraldes, T. Pipa, N. Oliveira, C. Silva and S. Hervías</i>	711
Green iguana (<i>Iguana iguana</i>) monitoring and control efforts on Grand Cayman <i>J. Haakonsson, F. Rivera-Milan and E. Radford</i>	711
Predicting the potential habitat of the invasive coral vine (<i>Antigonon leptopus</i>) using remote sensing and species distribution modelling <i>E. Haber, M. Eppinga, M. Ferreira dos Santos, M. Rietkerk and M. Wassen</i>	712
The diet of ‘Viking mice’ on Nólsoy, Faroe Islands <i>S. Hammer and J. Russell</i>	712
Seabird restoration and advances towards the eradication of feral cats on Guadalupe Island, Mexico <i>J.C. Hernández-Montoya, L. Luna-Mendoza, A. Aguirre-Muñoz, F. Méndez-Sánchez, A. Duarte-Canizales, E. Rojas-Mayoral, S. Hall, Z. Peña-Moreno, S. Figueroa-Flores, D. Cosío-Muriel and M. Latofski-Robles</i>	712
From island studies to mainland management <i>S. Hudin</i>	713
Differential effects of human impact and habitat type on exotic and native species diversity on oceanic islands <i>W. Jesse, J. Eilers, J. Behm and M. Helmus</i>	713
Genetic pest management technologies to control invasive rodents <i>D. Kanavy and D. Threadgill</i>	713
A new look at Galapagos fouling communities <i>I. Keith, J. Carlton and G. Ruiz</i>	714
Planning processes for eradication of mice on Gough Island <i>J. Kelly, K. Springer, C. Stringer, A. Schofield and T. Glass</i>	714
Perils of saving the smallest for the last: lessons learnt about sequencing eradications on Santa Cruz Island, CA <i>J. Knapp, C. Boser, J. Randall, E. O’Byrne and S.A. Morrison</i>	714
Citizens’ attitude towards the removal of grey squirrels in Italy: what support do we need? <i>V. La Morgia, D. Paoloni, P. Aragno and P. Genovesi</i>	715
Computer modelling of complex interstitial spaces to protect endemic island lizards from invasive mice <i>Z. Lennon, H. Wittmer and N. Nelson</i>	715

An integrated physical control method on <i>Spartina alterniflora</i> J. Li, C. Zhao and X. Zhao	715
Predicting the risk of plant invasion on islands: the case of <i>Miconia calvescens</i> in the Marquesas, French Polynesia (South Pacific) M. Libeau, R. Pouteau, R. Taputuarai and J.-Y. Meyer	716
The secret life in Switzerland of an island pest, the house mouse A. Lindholm and B. König	716
Catalysing conservation of islands through collaboration: a North American perspective A. Little, A. Aguirre-Muñoz, G. Seutin, L. Wein, P. Nantel, H. Berlanga, F. Méndez-Sánchez, J. Putnam, E. Iñigo-Eliás and G. Howald	716
The value of monitoring and the price of uncertainty in the management of an invasive population E. McHenry, X. Lambin, T. Cornulier and D. Elston	717
Invasive arthropods of ecological, agricultural and health importance recently introduced in the Balearic Islands (Spain) M. A. Miranda, C. Barceló, D. Borràs, A. González, M. Leza and C. Paredes-Esquivel	717
Using key-informant surveys to reliably and rapidly estimate the distributions of multiple insular invasive species N.P. Mohanty, G.J. Measey, A. Sachin, G. Selvaraj and K. Vasudevan	717
Time germination response to temperature and light conditions in <i>Ulex</i> Z. Negrín Pérez, D. Da Re, M. Bernardos and B. Garrido	718
Rat eradication from Berlengas Island, Portugal N. Oliveira, P. Geraudes, I. Fagundes, P. Oliveira and J. Andrade	718
Response of an open feral cat population to an intensive control programme for improving the critically endangered Fatu Hiva monarch conservation strategy P. Palmas, R. Gouyet, T. Ghestemme, A. Matohi, E. Terorohauepa, I. Tauapaohu, C. Blanvillain, J. Zito, D. Beaune and E. Vidal	718
Feral cats threaten the outstanding endemic fauna of the New Caledonia biodiversity hotspot: implications for feral cat management strategy P. Palmas, H. Jourdan, E. Bonnaud, F. Rigault, L. Debar, H. De Méringo, E. Bourguet, R. Adjouhgniope and E. Vidal	719
Scaling up invasive plant management for ecosystem restoration in Mauritius: successes and challenges S. Pandoo, P. Ragen, B. Vishnuduth, Z. Jhumka and J. Mauremootoo	719
Implementing an early detection programme on Catalina Island: prioritising landscaped grasses J. Parish	719
Challenges and opportunities for lethal and non-lethal management of non-native ungulates on islands: feral pigs, goats and cows D. Parrott, G. Massei, R. Ridley, J. Sandon, M. Lambert, D. Cowan and M. Sutton-Croft	720
Diet of introduced black rats (<i>Rattus rattus</i>) on Christmas Island: setting the scene with stomach and stable isotope analysis C. Pink, D. Algar and P. Green	720
The prospects for biological control of <i>Rubus niveus</i> in the Galapagos Islands K. Pollard, D. Kurose, A. Buddie and C. Ellison	720
A tool for biodiversity conservation within Chile: renewed interest in island eradications sparked by successful European rabbit (<i>Oryctolagus cuniculus</i>) eradication M. Pott, E. Hagen, P. Martínez and M. Díaz	721
Finders keepers? Discovering and securing the rare species rediscovered in weeded restoration plots P. Ragen, S. Pandoo, V. Bachraz, Z. Jhumka and J. Mauremootoo	721
Impacts and control of invasive species: trading off actions M. Roberts, W. Cresswell and N. Hanley	721
Incorporating interaction networks into conservation: Tasmania as a case study A. Rogers, J. Shaw and S. Kark	722
Invasive plants of the Caribbean: application of herbarium collections to protect a regional biodiversity hotspot J. Rojas-Sandoval, P. Acevedo-Rodríguez, M. Datiles, S. Dube, H. Diaz-Soltero, L. Charles, G. Richards, M. Angel Duenas, D. Simpson, E. Ventosa-Febles, J. Ackerman, F. Areces-Berazain, M. Caraballo-Ortiz, A. Carvajal-Vélez, J. Chabert-Llompert, S. Kaufman, J. Thompson and J. Vélez-Gavilán	722
Can large database mining inform invasive non-native species management on islands? L. Ruffino and T. Cornulier	722
Management of numerous introduced plants on Matiu (Somes Island), Wellington, New Zealand P. Russell and S. Weaver	723
Managing <i>Vespula</i> wasp invasion in New Zealand J.M. Schmack, M.C. Barron, D.F. Ward and J.R. Beggs	723
Invasive rat colonisation history and movement dynamics in Haida Gwaii B. Sjodin, R. Irvine, G. Howald and M. Russello	723
Garden cans and river rafts – equipped to approach invasive freshwater fish B. Skei	724

What happens after the helicopters have gone – assessing post-eradication changes on Macquarie Island <i>K. Springer</i>	724
Predicting the distribution of island invader bird species under climate change <i>M. Thibault, F. Brescia and M. Barbet-Massin</i>	724
Biosecurity Plan for invasive ants in the Pacific <i>C. Vanderwoude, S. Boudjelas, P. Andreozzi, P. Cowan and J. Wainiqolo</i>	725
Rat control to protect the Turks and Caicos rock iguana: monitoring and responding to rat activity on a Caribbean island Nature Reserve <i>K. Varnham, E. Radford, S. Busuttill, C. Forbes, E. Gibbs-Williams and G. Gerber</i>	725
An innovative programme to protect the UK’s seabird islands <i>K. Varnham, S. Thomas, L. Bambini, S. Havery and L. Lock</i>	725
Prioritising islands for the eradication of invasive vertebrates in the Arctic <i>S.D. Veatch</i>	726
Changes in forest passerine numbers on Hauturu following rat eradication <i>C.R. Veitch</i>	726
Habitat features that influence predation of endangered Hawaiian common gallinule nests by invasive vertebrates in Hanalei and Huleia National Wildlife Refuges <i>B. Webber, K. Uyehara, T. Luxner and D. Dewey</i>	726
Using sUAS to direct trap placement in support of feral cat eradication on islands <i>D. Will, T. Hall, M. Khalsa and J. Bruch</i>	727
Removal of invasive, black rats increases activity levels and population density of Christmas Island’s last remaining endemic reptile <i>M. Wynn and D. Driscoll</i>	727
Effect of <i>Spartina alterniflora</i> invasion on benthic macro-invertebrate communities in Guangxi Zhuang Autonomous Region <i>C. Zhao, J. Li and X. Liu</i>	727
